Dear Mr. Kollender:

RE: RAILWAY AUDIT INSPECTION

In regard to your letter of November 18, 1936. Although the R. A. & I. hasn't complied with the Atlanta ordinance, we are slowly piecing together what will probably be a pretty complete list of their men from the Atlanta office. We are getting this material chiefly from the check stubs that are printed in the records of Ivey's memorandum pad.

Very truly,

Harold Weisberg.
